Dear friends,

Gardens are not made by sitting in the shade!

Young entrepreneur can be an indomitable force when put on the right track that can transform the inherent reservoir of untapped skills to scale abundant economic progress.

We have it in us to show to the world that we are ready to invest towards the successful economy of our region with dedication, sincerity & wisdom to make the South Asia the most prosperous region!

I urge the youth of South Asia to join the platform of SAARC Young Entrepreneur Forum (SYEF) to hone in their leadership and strategic business skills from the experiences of the elder members of SAARC CCI who are eager to share knowledge & success with their protégé in the region.
